- Most Outstanding TROPMED Mahidol University Alumni Award, 2015
- Outstanding Alumnus Award for excellence in Executive Administration, Graduate Studies of Mahidol University Alumni Association, 2018

EXPERIENCE AND ACHIVEMENT

I have more than 28 years of professional experience as Pro Vice Chancellor (designate), Dean, Department chairmen, teacher, trainer and researcher. I have 16 years of teaching, research and administrative experiences at North South university and other universities only. In addition, I served more than 13 years as administrator, researcher and training specialist of health personnel development program of Ministry of Health & Family Welfare, Bangladesh. Before joining to North South University.

I have been currently working as the Pro Vice Chancellor (Designate), Dean of School of Health & Life Sciences and ensured visible and significant improvements in graduate and undergraduate education programs in quality and quantity with consistent support from NSU authority. I have also been working as the Executive Director of Global Health and Climate Research Institute. I had also been working as the Founder Chairman of the Department of Public Health and facilitated to develop a solid and sound academic and research facilities for faculty members and students in the department. I established productive collaboration with government, International organization and NGOs for attracting meritorious students, facilitated scholarship, internship and job opportunities in leadership position in UNO, international organization and NGOs. I have been awarded research grants as Lead Researcher (PI) and NSU as a leading University from WHO, TDR, Canadian IDRC, UNDP, NASA (USA), USAID, and others. I have been serving as Member of the Technical Advisory council of World Health Organization (WHO), South East Asia Regional Office, New Delhi, India and attended World Health Assembly (68th) and regional WHO program as expert member of Bangladesh Government Delegation 2015. With this and my others international affiliation, NSU reputation and international recognition are consistently raising.

I have been awarded Ph.D degree (Major in Epidemiology) as a full bright scholar of the World Health Organization (WHO/TDR), MPH, and DTM&H degrees from the Mahidol University, Thailand which is recognized as the center of excellence for higher education and research in public health and bioscience in the world and top ranked university in Thailand. I have been acquired outstanding research award from WHO/TDR, Geneva for contribution in PhD research in TB Control of Bangladesh.

Mahidol University has recently recognized my contribution in research academics and leadership and awarded me the Outstanding Alumnus 2015 Award from the Tropical Alumni Association of the Faculty of Tropical Medicine of Mahidol University, Thailand which graciously published in national and international medias and highlighted the name and fame of NSU.

I have been serving as the Executive Board Member, South East Asia Public Health Education Institutes Network (SEAPHEIN) since 2003. I have experience in teaching also been working as visiting Professor and Scholar of many reputed national and international universities. Under the guidance of NSU authority, I have facilitated wide collaboration network with many reputed international universities (Johns Hopkins University, University

BASIC INFORMATION & CONTACT

of Maryland, University of Manitoba, Texas University, Mahidol University, Bangkok University, Assumption University etc) and institutions (WHO, Public Health Agency of Canada, USAID, ICDDR,B, etc). Recently a number of MoU have been signed under my initiative between NSU and University of Maryland, Texas University, George Washington University & University of Manitoba.

I have been awarded research grants from international donors namely, Canadian IDRC, WHO/TDR, NASA, U.S. Child Health Foundation, UNDP and others. I have also worked as a focal person in collaborating North South University with various North American Universities like University of Maryland, Johns Hopkins Bloomberg School of Public Health, University of Harvard etc. while I also played an important role under the guidance of NSU authority for inviting distinguished Prof. Dr. Rita R Colwell who joined as the 19th Convocation Speaker of North South University. I have attracted the Harvard team for Global Leadership Program at North South University, which is first of its kind in Bangladesh.

I myself along with distinguished Prof. Dr. Rita R Colwell initiated the NGHI, which is the first of this kind in the history of private universities of Bangladesh, for combating the major challenges of public health, climate change and biomedical sciences with donors support. I have also been working as a visiting professor in the reputed universities of Asia, North America and in Europe

I Chaired many international & national scientific and professional seminars & symposium. I have presented many keynote & research papers in the international conferences. I have been working as an Executive Board Member and Chair of the Session for International Congress for HIV/AIDS in Asia and Pacific 12 (ICAAP 12) and ensured NSU partnership with the Ministry of Health & Family Welfare for hosting this prestigious conference which is first of this kind in Bangladesh.

I am currently working as editor & reviewer of many national and international journals. I published more than fifty research articles in the international & national peer reviewed journals. I have been awarded many prestigious International & National Research & Training Grants as the Project Leader and Principal Investigator. Most of my research works include Eco-Bio-social research on Dengue, Gender & Tuberculosis, HIV/AIDS, Disaster Management, Violence Against Women funded by the Canadian IDRC, WHO/TDR, UNFPA, UNDP, UKAID, CARE Bangladesh. I successfully conducted the evaluation of UNFPA-reproductive and child health care program of Bangladesh (64 district) as the team leader and principal investigator with financial support of UNFPA, Bangladesh.

TEACHING EXPERIENCE

I worked as a faculty member for more than 15 years at North South University and other recognized universities as follows:

- North South University (NSU): 2006- to date (more than 12 years)
 - State University of Bangladesh (SUB): 2003- 2005 (3 years)
 - Technical Training Unit (TTU) of Ministry of Family Welfare: 1993- 2000 (more than 6 years)
- My teaching performances always revealed as excellent consistently.

TRAINING & CAPACITY DEVELOPMENT EXPERIENCE

- ▶ I have been awarded many prestigious International & National Research & Training Grants as a Project Leader/ Principal Investigator namely Eco-Bio-social research on Dengue, Gender & Tuberculosis, HIV/AIDS, Disaster Management, Violence Against Women etc. from the Canadian IDRC, WHO/TDR, UNFPA, UNDP, UKAID, CARE Bangladesh etc.
- ▶ Project Leader (PI), Canadian IDRC-NSU Dengue Research Project: I have been awarded the highly prestigious research grant from the International Development Research Centre (IDRC) of Canadian Government 5 years (2010-2015). This is the 1st time of this kind in the history of the Bangladesh to get Canadian IDRC grant to discover Dengue Hemorrhagic Fever (DHF) Prediction, Prevention and Control Model for tropical countries like Bangladesh. This is a joint Transdisciplinary research project with University of Manitoba, Canada, International Centre for Diarrheal Disease Research in Bangladesh (ICDDR, B), Ministry of Health and Family Welfare and North South University.
- ▶ I have been elected as the executive member of the Governing body of South East Asian Public Health Education Institution Network (SEAPHEIN)
- ▶ Principal Investigator of Disaster Management Project of Ministry of Food & Disaster Management sponsored by UNDP, UKAID, NORAD, AUSAID.
- ▶ Regional Coordinator & Principal Investigator of Asian Eco-Health Network Program, where the Department of Public Health of North South University has been selected as the Country Coordination Office.
- ▶ Principal Investigator (Bangladesh) of Global Health Multi Country Research Program: Health behavior survey among undergraduate university students in low and middle income countries.
- ▶ Project Director of the Capacity Development Program of the Apollo Hospitals Executives, Dhaka, Bangladesh

INTERNATIONAL AND NATIONAL TRAINING

COURSE TITLE	YEAR	COUNTRY/VENUE
Workshop on Recent Developments and Impact Assessment of Sterile and Incompatible Insect Techniques for Mosquito Control	2018	Singapore
To be Best Poster Judge at the Singapore International Water Week (SIWW) Water Convention	2018	Singapore
National Training on Human Resource Management for HPSP/ESP organized by Directorate HRM,DGHS	1999	Conference Room DGHS, Bangladesh
Training on Financial management of HPSP/ESP Fund	1999	MOH&FW, BD
International Training on advanced management of PHC Organized by AIHD, Mahidol University	1999	AIHD, Thailand
Advance Training of Trainer (A-TOT) & Management of Training Center For One month at Malaysia & Thailand (June 01 -June 30,1997) sponsored by WHO	1997	Malaysia & Thailand
The National Training on Gender awareness Organized sponsored by Ministry of Health & Family Welfare and UNFPA at hotel Purbani, Dhaka, Bangladesh.	1996	Purbani, Dhaka, Bangladesh.
Research Methodology Training on Operational research for one week organized by BMRC, Mohakhali , Dhaka-1212 on Oct 1994	1994	BMRC, Dhaka, Bangladesh
Training on Word Perfect, dBase III+, EPI-INFO, SPSS-PC, Harvard Graphics etc. in the Institute of Computer Business Education for 6 months (From 01-06-93 to 31-12-93).	1993	Institute of Computer Business Education, Bangladesh
Training on "Management of TB and Leprosy control program at District/ Thana Level". from 24-07-1993 to 05-08-1993 at National TB Control Services, Shamoli, Dhaka, sponsored by WHO	1993	Planning Academy, Nelhket, Dhaka
The National Training on TB and Leprosy control program held at Shamoli, Dhaka - 1207, Bangladesh.	1993	Shamoli, Dhaka Bangladesh
Training on "Clinical Leprosy" at Leprosy control Institute from 11-08-93 to 13-09-93 sponsored by WHO	1993	Leprosy Institute, Mohakhali, Bangladesh
In the international Training on TB control Program in the context of PHC in Thailand.	1992	AIHD, Thailand
M R Training and services from 18-06-90 to 17-07-90 at Sylhet MAG Osmani Medical College Hospital.	1990	Sylhet MAG Osmani Medical College hospital

AUTHORSHIP FOR TEXT BOOKS & MANUALS

Books

1. **Foundation of Epidemiology**. Sanbed Publication, Dhaka, Bangladesh, Abir Publication, Dhaka, Bangladesh. (In Press)
2. **Research Methodology**, University Press Ltd. Dhaka, Bangladesh. (In Press)
3. **Public Health Practice**, Sanbed Publication, Dhaka, Bangladesh, Abir Publication, Dhaka, Bangladesh. (In Press)
4. **Disaster Management**, Sanbed Publication, Dhaka, Bangladesh, Abir Publication, Dhaka, Bangladesh. (In Press)
