Message from the Vice-Chancellor

Honorable Chief Guest, respected members of the Board of Trustees, Pro-Vice-Chancellor, Deans, Chairs, Directors, esteemed faculty members, dedicated administrative colleagues, and most importantly, our newest members of the North South University (NSU) family — the students of Summer 2025 — I extend to you all a very warm welcome.

Let me begin by congratulating our new students on their outstanding academic achievements in the HSC or equivalent examinations, which have earned them a place at NSU— the first and leading private university in Bangladesh. To the proud parents and guardians, congratulations on your prudent decision to entrust your children's higher education to NSU, a recognized center of excellence.

North South University is a pioneer in private higher education in Bangladesh, consistently achieving top rankings on the global stage. NSU proudly holds the top national position among all universities in Bangladesh in the Times Higher Education (THE) World University Rankings 2025, where it is placed in the 801–1000 bracket globally—an achievement it has maintained for three consecutive years. We are also ranked as the #1 private university in Bangladesh in the QS World University Rankings 2025, placed globally in the 901–950 range. In the QS Asia University Rankings 2025, NSU ranks 155th overall and continues to lead as the #1 private university in the country—a position we have proudly held since 2020. Additionally, our academic excellence is further highlighted in the QS World University Rankings by Subject 2024, where our Economics and Econometrics program is ranked in the 451–500 bracket globally, the highest among private universities in Bangladesh. These recognitions reaffirm our commitment to excellence and our vision to be among the top 100 universities in Asia.

We take immense pride in our highly qualified and caring faculty — a cornerstone of our educational philosophy. Our faculty members bring with them a wealth of academic and professional expertise, having earned advanced degrees from renowned international institutions, predominantly from North America.

NSU is a research-driven university where our faculty members are distinguished scholars actively engaged in impactful research. They have secured prestigious grants and global recognition, including funding from the Bill & Melinda Gates Foundation, UNESCO, IDRC, the Fulbright Program, and many others. Faculty members have also been honored with accolades such as Best Paper Awards at international conferences and the prestigious Galilei Medal Award, highlighting NSU's strong research culture and global engagement.

In order to further support innovation and societal impact, NSU has established several academically, socially, and technologically relevant research centers dedicated to outreach and knowledge creation. These include specialized institutes focused on public policy, environmental sustainability, social development, and technological advancement.

We are particularly focused on the future of innovation, especially in business, artificial intelligence, and robotics. NSU hosts an advanced AI and Robotics Lab, which fosters innovation through interdisciplinary collaboration. We give the highest priority to AI and education based on AI and automation, aligning our academic approach with global technological trends. Even our business courses

are redesigned to emphasize analytics, data-driven decision-making, and technological integration, ensuring that students are equipped to lead in a rapidly changing digital economy.

NSU is deeply committed to the overall well-being and success of its students — academically, personally, and financially. Each year, we provide substantial financial support—averaging between BDT 22 to 25 crore—through a wide range of scholarships and financial aid programs. These include merit-based scholarships, need-based financial aid, sibling waivers, and other forms of assistance designed to ensure that no deserving student is denied access to quality education due to financial hardship. This ongoing investment reflects NSU's core belief in nurturing talent, empowering ambition, and creating equal opportunities for all students to thrive.

NSU boasts a world-class campus equipped with modern facilities: state-of-the-art classrooms, a fully digitized library, high-speed internet access, dedicated research centers, and a fully functional gymnasium. We are currently planning the development of an even larger and more advanced campus to meet the growing demands of academic excellence.

NSU has signed over 200 active Memoranda of Understanding (MoUs) with prestigious institutions such as Johns Hopkins University, University of California–Berkeley, University of Cambridge, University of Adelaide, Macquarie University, and many more. These partnerships support collaborative research, faculty exchanges, and student mobility opportunities.

We are continuously expanding student services and infrastructure. Our **IELTS Testing Center**, in partnership with the British Council, is now operational at the Bashundhara campus. Additionally, we have launched a **Modern Pathology Laboratory** adjacent to the NSU Medical Center to offer routine diagnostic services to students, faculty, and staff.

Student life at NSU is vibrant and dynamic, with **20+ student-run clubs** providing platforms for leadership, creativity, and innovation. Our students excel in national and international competitions in fields ranging from sports and debate to technology and entrepreneurship.

In keeping with global standards, NSU was the first South Asian university to adopt **CANVAS**, the world's leading Learning Management System. This platform enhances classroom learning with integrated modules, assessments, and collaborative tools — reinforcing our commitment to delivering quality education through innovation.

To the parents and guardians — rest assured, we are committed to nurturing your children into ethical, globally competent professionals. North South University, since its inception, has proudly maintained a non-political campus environment, fostering a culture where academic excellence and personal growth thrive without the influence of political agendas. We believe in empowering our students with the freedom of individual rights and choices, encouraging them to explore their passions and ambitions in a supportive, inclusive and academic setting.

To our incoming students — you are about to embark on an exciting journey at the most prestigious private university in Bangladesh. You will be guided by the best faculty, supported by top-tier resources,

We are committed to academic excellence, and we make sure that our graduates receive the highest quality education by working hard for it. Office of Student Affairs (henceforth OSA) deals with all non-academic and non-disciplinary matters of students' life at NSU. We have four schools and sixteen Departments providing undergraduate and Master's degrees in light of the American Curriculum. From its inception in 1992, the university emphasized the extra-curricular and co-curricular activities to fulfill our programs' general education requirements. The university has created unique opportunities for developing leadership skills without being a direct member of any political party at the national level but in the liberation war spirit. This kind of training is essential to face a challenging environment in life. OSA is run by six officials led by the Director of Student Affairs, Professor Dr. Gour Gobinda Goswami, who supervises all the co- curricular and extra-curricular activities under the Pro Vice-Chancellor's direct supervision. Each club is led by a Faculty Adviser having adequate skill and passion for this job. The executive bodies and other members from enthusiastic students run the clubs as per the Faculty Adviser's direction on a fixed-term basis. The office is also in charge of celebrating all the national days and supports higher authority in any student matter other than academics and discipline. Currently, we have twenty-one students' clubs, of which thirteen are co-curricular, which have a direct link with a particular discipline, and eight other extra-curricular clubs. Among all the clubs সাংস্কৃতিক সংগঠন is the largest.

Besides, we have some professional associations affiliated with the Academic Department. Students can choose at least one among the list and develop their leadership skills to apply in their practical life. We have Basket Ball Ground, Badminton Ground, Football and Cricket Field, Table Tennis, Billiard Room, Carom and Chess, Gymnasium, Recreation Area, Well-equipped Boys' and Girls' lounge, Prayer Room, Huge Auditorium, Mini Auditorium, Open Air Theater, Plaza Area, Counselling Center, Medical Center, Career and Placement Center (CPC) for students for meeting different kind of their need relating to their happiness and wellbeing. Even though NSU is a non-residential campus, students remain engaged in various exciting and creative activities throughout the semester. Among all the programs, বসন্ত উৎসব and পয়লা বৈশাখ are noteworthy. In a word, this office deals with student life related to their happiness and wellbeing so that student life becomes memorable even after graduation. We urge all the NSU students to become members of at least one club and be engaged. in different activities depending on their choice.
